

# THE 'HOME OF AFFLICTION', AT ANANDWAN REQUIRES 1892 BEDSHEETS FOR 946 LEPROSY AFFLICTED BRETHRENS

## WOULD YOU GIFT THEM SOME OF THESE?

### YOU CAN:

1. Arrange a collection drive in your society, company or clubs
2. Donate the amount for number of bed sheets you would like to gift
3. Write to merchants to provide their remaining stock to us
4. Write to your Corporate Social Responsibility department to help them

Anandwan, the headquarters of Maharogi Sewa Samiti, shelters over 1800 leprosy afflicted old people. Home of affliction at Anandwan accommodates about 800 old terminally ill leprosy patients who have significantly contributed towards the development of Anandwan for decades. Our founder Baba Amte, who believed in transcending compassion towards the old, frail and sick enunciated that while bidding adieu to the world, we must ensure that we give them the best possible comforts. Hence we at Anandwan strive hard to provide them utmost care till their last breath. Anandwan houses perhaps the largest number of leprosy patients in the world.
